#### **Oakland County Homeless Management Information Systems (HMIS) Consolidation**

##### **Alliance for Housing**

The Alliance for Housing is requesting a renewal of **\$92,825** to continue implementing this congressionally mandated web-based system that provides for more accurate information about the homeless in Oakland County. This renewal will allow the project to continue providing annual support for user license costs and ART viewing licenses, technical support from the System Administrator including

continued training, preparation of necessary reports, HMIS representation at the Continuum of Care meetings and MSHMIS System Administrator meetings/trainings.

## **Alliance for Housing – BONUS APPLICATIONS FY2022**

### **HAVEN Inc.**

#### **Domestic Violence Supportive Services Only Coordinated Entry Bonus**

HAVEN, an intimate partner violence and sexual assault services provider in Oakland County, requests **\$142,986** to become a Coordinated Entry partner with Oakland County's Continuum of Care. Funds will support two new positions at HAVEN, a Coordinated Entry Coordinator and Coordinated Entry Data Specialist, who will be responsible for coordinating housing services and resources for all survivors seeking housing in Oakland County. Funds will also support client special needs and administrative oversight of the project. The proposed alliance would improve the accuracy of county data on domestic violence and sexual assault survivors, improve survivor access to resources and services offered by the homeless system, and ensure that survivors seeking housing throughout Oakland County are supported with a trauma-informed and client-centered approach.

### **South Oakland Shelter**

#### **Permanent Supportive Housing Healthcare Bonus**

To forward HUD's goal of ending homelessness for all while also meeting our dynamic community needs, Lighthouse is requesting **\$346,384** to create an additional PSH program serving chronically homeless households that can benefit from service collaboration with healthcare providers. If awarded, this project will be a scattered-site leasing assistance program utilizing 56% of the grant on housing assistance and 35% on supportive services. We will add a minimum of 15 units of PSH to our existing 72 PSH units, totaling 87 units of PSH in Oakland County. While this project will prioritize those, who meet the current definition of Chronic Homelessness, when there are no such households on our community's registry, this project will house the next highest need household who meet the broader definition for DedicatedPLUS (allowable through Section III.C.2.b). In this way, we can continue to ensure that our community's PSH units are provided to those most in need, while any vacancies are filled quickly. The project will serve chronically homeless households with any disability type, addressing a community need in that many households currently on our PSH registry are unable to be served due to limitations regarding disability type of other providers in our Continuum of Care.

### **Community Housing Network, Inc.**

#### **Domestic Violence Rapid Rehousing Bonus**

Community Housing Network, Inc. (CHN) is requesting **\$350,590.00** for a new RapidRehousing Domestic Violence project with at least 14 annual (4-24 month) leasing/rental assistance unites and at least one fulltime staff.

CHN currently provides HUD funded RRH services to eligible populations including literally homeless (residing in a place not meant for human habitation or residing in an emergency shelter or coming directly from streets), persons who qualify under Category 4 of the HUD definition of homelessness (persons fleeing or attempting to flee domestic violence). This past program year CHN assisted 250 individuals with HUD funded Rapid ReHousing. Out of those served, 54 had a history of domestic violence and 34 were actively fleeing.

The addition of these bonus funds will be used to provide RRH specifically designated for the DV population served by Community Housing Network in a new bonus project. This would include a variety of supportive service assistance including: short to medium-term rental assistance, housing relocation and stabilization services such as security or utility deposits, utilities payments, moving cost assistance, and financial literacy/credit improvement coaching. Eligibility will be limited to individuals and families with a history of domestic violence.

The addition of this DV-RRH option will expedite housing stability for those impacted by domestic violence; we will have greater capacity to move these families into safe, stable housing while also providing case management, resources for mental health services, and access to other resources depending on individual family needs. These additional supportive services will allow for faster removal of barriers that survivors of domestic violence face as they work toward gaining self-sufficiency and independence while seeking to further their education, gain employment and become self-sufficient.
