1. D3 – Data Driven Detroit are data experts that work with nonprofits to help communities provide outcomes.
 - a. Alliance has consulted with D3 to create a product that lets us use data from the registry and veteran BNL to answer data requests.
 - i. Phase 1 – Building a forms system allowing us to input data from HMIS.
 - ii. Phase 2 – Provide dashboard showing graphs, charts, trends, and benchmarks.
2. The New Data Warehouse
 - a. Created to have a reporting tool for system admin and agency admin to use to replace outdated tools while a new updated tool is being developed.
 - b. Submit tech request to MCAH for access to use the tool.
3. Pay for Performance
 - a. Group reviewed MSHDA's 6 system performance measures for MSHDA funded projects to be implemented next year.
 - b. Must meet benchmarks/90% for each of the 6 measures to keep funding.
4. Data Quality
 - a. Group reviewed flagged data quality errors.
 - b. Group discussed creating a separate/dedicated meeting for Outcomes or Agency Admin to review data quality and data clean-up and/or sending data quality report out to agencies in advance.
 - c. Reminder to completely fill out client profiles and be mindful of data quality.
