Draft of New Definition of Outcomes Committee:

Data Management and Performance Outcomes Committee

Shall promote the quality of community funded and non-funded projects by reviewing data and coordinated policies and procedures in order to recommend best practices. This committee will focus on opportunities for growth and development in community outcomes while reviewing HMIS or a comparable data base to identify trends and gaps in services to address community needs. It will provide information and guidance to the Alliance HMIS System Administrators to follow up with agency admin staff and provide additional HMIS training.
